

Talk on undergraduate admissions of HKU

It was our pleasure to have invited Ms Emily Mak the representative from HKU admissions and academic liaison office to give a talk to our students about different faculties and programmes of the university.

In the talk, Ms Mak provided a lot of valuable admission information of HKU to our students, such as the admission requirements, curriculum, services and facilities available, etc.

After the talk, our students also joined some tutor groups chaired by our alumni who are currently studying in HKU. All the students were much benefited from the talk and tutor groups.
