

Campus Visits at the Hong Kong Polytechnic University (25-26/1/2016)

To enable students to do career and life planning, our school joined Campus Visit Program organized by the Hong Kong Polytechnic University on 25 and 26 January 2016. Over 100 S4 and S5 students participated in the program. They were introduced the features of the programmes they are interested in, their admission requirements and career prospects. Through the Campus Visits, students obtained the most up-to-date information on the programmes offered by the Hong Kong Polytechnic University which helped them make informed choices for their tertiary studies.
