

English Day-The British Royal Family

With Queen Elizabeth's 90th birthday and the meeting of Prince George and US President Obama, the British Royal Family is surrounded by a joyous atmosphere. In order to let students get more understanding of the British Royal Family, the English Club organized English Day on 5th and 6th May 2016 with the theme of British Royal Family. A stall was set up in which students communicated in English and learnt more about the history and news of the British Royal Family. Students were interested in the interactive games.
