

Golden Jubilee Career Expo 2018

In order to help students plan and gather more information about their future career paths, the Careers Team and the Alumni Association successfully organized Golden Jubilee Career Expo 2018 on 10th February 2018. We were honoured to have 10 alumni who are all experienced practitioners in 8 different professions to share their valuable experience with our schoolmates. They are Ms Elsie Chan (Law), Mr Ho Cheuk Yip (Physiotherapy), Ms Kum Lok Yin (Medicine), Mr Ko Chi Pui (Engineering), Mr Choy Ka Lam (Business), Dr Tracy Wong (Clinical Psychology), Mr Wong Sin Chi (Mass Media), Ms Wu Shuk Ping (Business), Mr Yeung Tat Mo (Education) and Ms Ip Ka Lam (Engineering). They provided our students with a lot of useful information about the professions. Students showed great interests in their talks and were zealous to inquire more about the information of the career they want to pursue.

As a major event of life planning curriculum in our school, Golden Jubilee Career Expo 2018 managed to help the students have a better understanding of the professions, explore their orientation in future career and explore what choice of programs they will make in JUPAS.
