

N.T.Heung Yee Kuk Yuen Long District Secondary School

Golden Jubilee Time Capsule Unearthing Ceremony cum Mosaic Mural Unveiling Ceremony

The N.T. Heung Yee Kuk Yuen Long District Secondary School's Golden Jubilee Time Capsule Unearthing Ceremony cum Mosaic Mural Unveiling Ceremony was successfully held on 19th May 2018. We were honoured by the presence of Mr. Man Fu-wan, B.B.S., Vice Chairperson of our School Council, our former Principals Mr. Tsoi Chong-tat, and Mrs. Cheung Ng Yuk-chi, our Principal LAM Ka-yiu, guests, parents, alumni, staff and students.

Both events were truly warm and cosy. When the Time Capsule, which had been buried on the 35th Anniversary was unearthed, teachers and students were all amazed. It meant a lot to each and every member of Heung Chung. The Mosaic Mural in the covered playground is not only beautiful, but it also carries important messages. The painting is a combination of art work from students of three different cohorts. The cotton trees have been growing in the school for 50 years; it symbolizes the love for Heung Chung which has remained unchanged for all 50 years. The playground represents the colourful school life. Though there are a lot of challenges, learning in Heung Chung is full of fun. Students on the roller-coaster ride are the well-equipped ones who embrace the future and pursue their dreams with vitality. The art work on the walls of the campus are all painted with the colour palette of the Bauhinia. It is hoped that students in Heung Chung would serve our community and contribute to Hong Kong. The Mosaic Mural will definitely become one of the beautiful scenes in Heung Chung.
