

## Admission Talk from The University of Hong Kong

It was our pleasure to have invited Mr. Charles Mak the representative from Admissions and Academic Liaison Office of The University of Hong Kong to give a talk about career and life planning for S5 students on 26th April 2017. In the talk, Mr. Mak provided a lot of valuable admission information of The University of Hong Kong for our students. After the talk, our students also joined tutor groups chaired by students who are currently studying in The University of Hong Kong. Some of the student tutors are also our alumni. All the students were much benefited from the talk and tutor groups.
