

Caring School Award Scheme 2020

(29 May 2021)

Our school has received an Honourary Award for being one of the Caring Schools in the “Caring School Award Scheme 2020”. The scheme is co-organized by the Hong Kong Christian Service, the Hong Kong Association of Careers Masters and Guidance Masters, and the Education Bureau.

To strengthen a caring culture on the school campus, all teachers wholeheartedly work together to care for students and cater for their needs. We have adopted a whole-school approach to provide support for students and meet their developmental needs. On top of providing students with thoughtful personal counselling services well-suited to their needs, we have been implementing a variety of preventive and developmental counselling activities to offer students care and support. We strongly believe that a caring school environment can foster students’ healthy development and help pave the way for a bright, positive and harmonious life.
