

N.T. Heung Yee Kuk Yuen Long District Secondary School
High-flyers Sharing Session cum Secondary One Admission Information Talk
(18 December 2021)

Three sessions of High-flyers Sharing Session cum Secondary One Admission Information Talk were successfully held in a row on 18 December 2021, Saturday in the School Hall. 189 Primary Six students and their parents together with some of their principals, assistant principals and teachers from 39 primary schools in our neighbourhood delightedly attended the event.

Principal YUEN Kwong-yip marked the beginning of the event by giving a welcoming speech, in which he scrupulously introduced our school to the participants. His speech was nicely concluded with a video about our joyful school life and precious learning experience. Right after that, a team of our students gave a lively and amusing sharing on their fruitful learning experiences, colorful school life and outstanding achievements of their fellow schoolmates. The sharing was followed by a video in which our graduates, who are also alumni of different primary schools, sent words of encouragement to energize the young pupils to work hard and learn well, wishing them every success in reaching their ideal secondary schools. Another sharing session about Secondary One Admission Interview greatly excited all P6 students and their parents. Our students shared useful tips on answering questions when attending interviews and prepared a few questions for the P6 students to try. In the Introductory Session on Allocation of Discretionary Places, Assistant Principal Mr TO Siu-wing talked about all details regarding Secondary One admission, giving the audience very useful information. There was also a Question & Answer Session chaired by Principal YUEN and our Assistant Principals, helping the audience be well informed of the criteria for admission and interviews. Last but not least, in the school tour led by our student tour escorts and Parent-Teacher Association helpers, participants were arranged into groups to visit various interesting spots on campus. Through the tour, they could observe Physics and Science experiments and STEM robotics demonstration, appreciate a variety of brilliant artwork, learn about how to make hand-made four-legged robots, visit our hydroponics system and enjoy the performance of the Chinese orchestra, the Skipping Team and the Basketball Team. It was truly entertaining and gave the participants a taste of Heung Chung's school life.

All participants were invited to give us feedback on the event via an online survey. It is encouraging to find that more than 90% of the respondents stated they had a better understanding of our school through the sharing session while 96% of them agreed that this event helped them have deeper understanding of our school's Secondary One admission process.

Highlights of the event are shown in the photos below:

Principal YUEN gives a welcoming speech to mark the beginning of the High-flyers Sharing Session cum Secondary One Admission Information Talk.

Student MCs:

3D CHEUNG Ka-suen, 4E WONG Ying-chun Gladys and 5E LEE Yin-ngai (from left to right)

Students give a presentation on their learning experience.

Students share useful interview tips with the audience.

Assistant Principal Mr TO Siu-wing introduces details regarding Secondary 1 Allocation of Discretionary Places and Admission.

All participants are enthusiastic about joining the event.

Primary 6 students and their parents attend the event.

School tour sets off.
