

S.1 Orientation Programmes (2 August 2022 & 11-12 August 2022)

The S.1 Orientation Programmes for Parents and Students was successfully held on 2 August 2022 and 11-12 August 2022 respectively, with over 300 parents and students participating in the event.

The Orientation Programme for Parents on 2 August started with Principal YUEN's welcoming speech. Following the speech, parents were introduced to learning and teaching, whole-person development, guidance and discipline services, other learning experiences, the Parent-Teacher Association and the Healthy School Programme of our school. Our School Social Worker Ms. LEE Wing-shan shared tips on how to adapt to the new school life. The representative from the Office of the Government Chief Information Officer also introduced the ways to install and use the "iAM Smart" App.

The Orientation Programme for Students was held on 11-12 August 2022. On the morning of 11 August, an orientation talk was conducted to let the Pre-S.1 students know more about the school's discipline services and school life, including various uniformed groups, Orchestra and Chinese Orchestra, and other learning experiences. They were also introduced to the candidates of the Student Association. Then the Caring Ambassadors led activities for students in different classes, helping them get to know each other. On the morning of 12 August, a campus tour was organized for the Pre-S.1 students to acquaint them with the school environment. After the tour, the IT Team assisted students to update their COVID-19 vaccination status and open various electronic accounts.

The 3-day event has helped Pre-S.1 students and parents have a better understanding of our school, preparing them for secondary school life.
