

The 9th Annual International Mathematical Modeling Challenge

(14 May 2023)

Our students achieved remarkable performance in the 9th Annual International Mathematical Modeling Challenge (IM²C 2023) organized by NeoUnion ESC Organization and International Mathematical Modeling Challenge Committee (Zhonghua). Our **Secondary 2 and 5 teams** were awarded **Honorable Mention** in the Regional Contest of Greater China, while our **Secondary 4 team** won the **Meritorious Award** in the International Contest, as well as **Honorable Mention** in the Regional Contest.

The competition aims to enhance students' applications of mathematical modelling to help them better understand, analyse and solve real-world problems outside of mathematics. It also unleashes students' potential in mathematical modeling and scientific innovations.

Prizes awarded are as follows:

Event	Award	Awardee
The 9th Annual International Mathematical Modeling Challenge – The International Contest of Greater China	Honorable Mention	4E CHOW Chun-wang 4E HUI Ka-wing 4E LAM Chi-hang 4E LEE Man-tik
The 9th Annual International Mathematical Modeling Challenge – The Regional Contest of Greater China	Meritorious Award	4E CHOW Chun-wang 4E HUI Ka-wing 4E LAM Chi-hang 4E LEE Man-tik
	Honorable Mention	5E CAI Ching-hang 5E KUNG Ka-ho 5E MA Kui-shing 5E WONG Hiu-ching
	Honorable Mention	2E LEE Hin-sen Himson 2E LIANG Eddie 2E LIANG Yarou
