

55th Anniversary Alumni Talk
Sharing on the Medical Profession

(8 May 2023)

To celebrate our school's 55th Anniversary, we were honored to have two of our distinguished alumni Dr. CHEUNG Chi-fung (Neurology) and Dr. SIN Yuen-ting (Haematology & Haemotological Oncology) from Tuen Mun Hospital to give us a talk on 8 May 2023 (Monday). Dr. Cheung and Dr. Sin shared their lovely memories in Heung Chung and meaningful work experiences with us. They also gave us some inspirational tips concerning their career prospects, time management and stress management. Students learnt a lot and were deeply impressed by their sharing.
