

School Campus Cleaning Week

(27 April to 5 May 2023)

‘School Campus Cleaning Week’ was organised from 27 April to 5 May 2023. The event aims to cultivate students’ awareness of environmental hygiene and provide an opportunity for them to practise positive values and attitude such as diligence and sense of responsibility.

During the Class-teacher Period on the first day of the event (27 April), all students, teachers, together with parents, participated in the campus-wide cleaning campaign. In the subsequent week, all students were motivated to keep their home rooms clean and tidy through the Inter-class Cleaning Competition; the adjudicators made daily inspection and the results are as follow:
