

First Mainland Study Tour
of the Senior Secondary Subject of Citizenship and Social Development

(3-4 April 2023)

With the aim of enabling students to learn about the latest development of the Motherland and to strengthen their sense of national identity, the First Mainland Study Tour of the Senior Secondary Subject of Citizenship and Social Development (CS) was organised by the Education Bureau from 3 April to 4 April 2023 (Monday and Tuesday). The delegation was led by the Secretary for Education, Dr CHOI Yuk-lin, the Deputy Secretary, Ms CHAN Mo-ngan, Teresa, and the Principal Assistant Secretary, Ms YIP Sau-mei, Joyce. 125 students, together with Principal YUEN, the Assistant Principal, Mr. LO, and 13 teachers of our school joined the study tour. Other participants included students and teachers from Hon Wah College and EDB officials.

The Chief Secretary for Administration, Mr CHAN Kwok-ki, bid farewell to the Secretary for Education, Dr CHOI Yuk-lin, as well as the participating students and teachers at the Hong Kong West Kowloon Station of the XRL.

The delegation first visited Guangzhou Zhixin High School (Tianhe District) to attend the Kick-off Ceremony of the CS Mainland study tour. After the Kick-off Ceremony, the delegation took part in class activities at Zhixin High School. They also had lunch and toured the campus together with students of the School. Our students enthusiastically participated in the learning activities and interacted with local students.

The delegation then visited spots in Guangzhou and Shenzhen, including Chen Clan Ancestral Hall, Yong Qing Fang, Cantonese Opera Art Museum, Guangzhou Nansha Economic and Technological Development Zone (visiting Pony.ai, an innovative technology enterprise), Qianhai Shenzhen-Hong Kong Youth Innovation and Entrepreneur Hub and Qianhai International Conventional Center. The activity greatly enhanced our students' understanding of the history, culture, and technological development of their Motherland, enabling them to gain insights into how to seize the vast opportunities brought about by the country's development.

The study tour is truly a rewarding learning experience for our students. Through the valuable learning opportunity, our students have become more prepared to contribute to Hong Kong and the country.
