

Yuen Long District Secondary School Robot Sumo Wrestling Competition

(3 March 2023)

3 teams made up of 9 students participated in the Yuen Long District Secondary School Robot Sumo Wrestling Competition held by the Home Affairs Department (Yuen Long District). **1D WU Chung-long** teamed up with **1D WONG Yik** and got the 3rd Runner-up in the one-on-one knockout stage.

A total of 25 teams from 10 different secondary schools and organizations in the district participated in the competition. Using coding and programming that was created by the students, each participating team used their robots to undergo a Sumo Wrestling match, pushing other robots out of the ring. The competition aims to not only develop students' skills and knowledge on coding and robotics, but also enhance their creativity and problem-solving skills.
