

Sharing Session on Learning Outcomes of
The Citizenship and Social Development Mainland Study Tour
(18 July 2023)

Secretary for Education Leads Officials in Visiting Our School
to hear about the Learning Outcomes of the CS Mainland Study Tour

On 18 July 2023 (Wednesday), Dr. CHOI Yuk-lin, JP, Secretary for Education, led EDB officials in visiting our school to hear about the learning outcomes and the extended learning experiences from the CS Mainland Study Tour. The officials who joined the visit included Ms. SIU Ka-yi, Political Assistant to Secretary for Education, Ms. YIP Sau-mei, Joyce, Principal Assistant Secretary (Quality Assurance), Ms. LAU Mei-shan, Amy, Senior Curriculum Support Officer (SMEP) and Mr. DAI Ka-ming, Curriculum Support Officer (SMEP).

As part of the visit, Dr. CHOI and the officials observed students' learning outcomes. Dr. CHOI highly commended students' performance in their sharings, and firmly believed that the sharing session of the learning outcomes indicated an extended learning and experiential learning process from the Tour in April. She also highly praised our students for their knowledge on Chinese culture that was demonstrated in their projects and greatly appreciated students' great passion for Chinese culture through their introduction of the exhibits and exchanges with the visiting officials. At last, Dr. CHOI encouraged students to maintain their proactive attitude and enthusiasm that they had exhibited during the Tour and work with diligence in accomplishing great achievements.

The visit was not only a compliment to the concerted effort our students and teachers made for the Tour, but also a recognition of our school in providing students with diverse learning experiences which enhance students' understanding of Chinese history, culture and the latest developments of our country, boosting students' sense of national identity, and reaching the objective of whole-person education.
