

## The Smart Logistics Datathon 2024

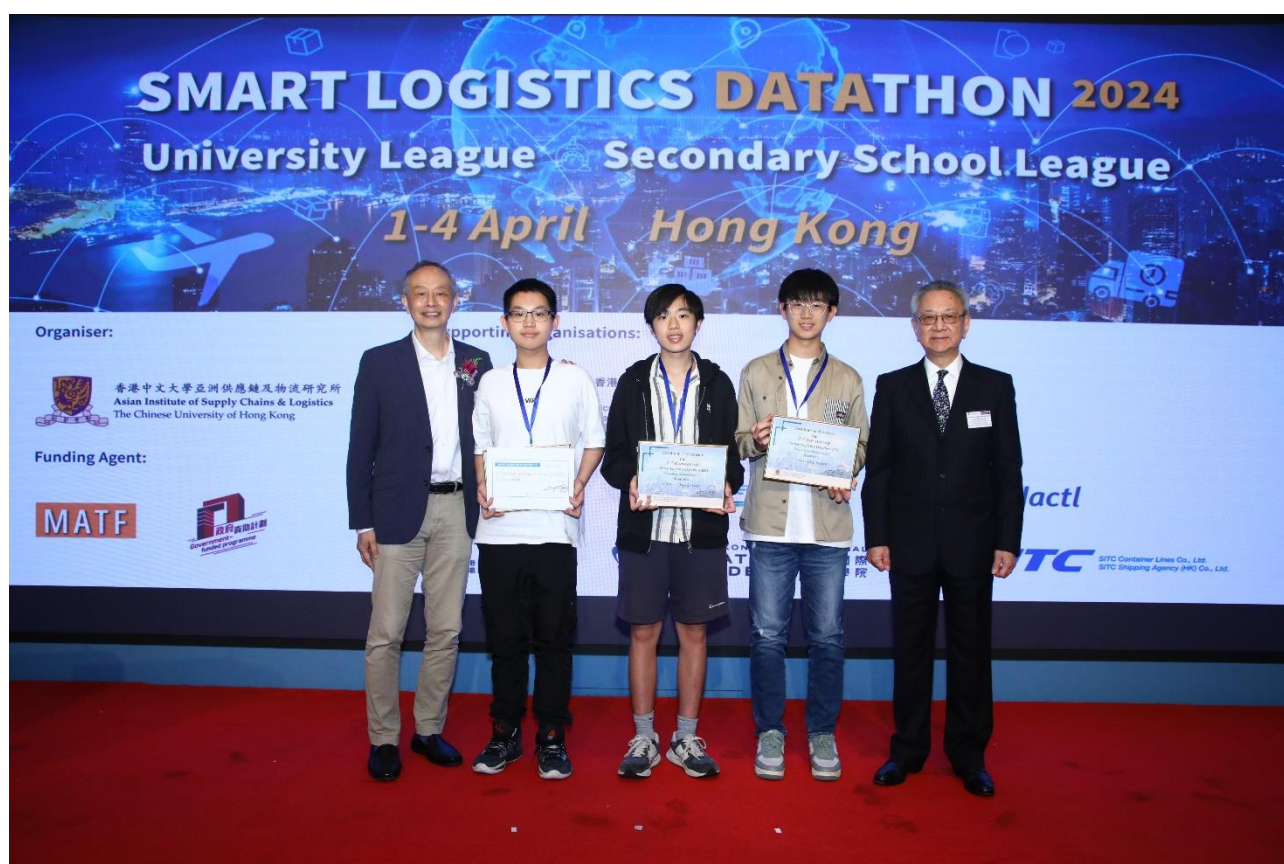

(1 April 2024 – 4 April 2024)

Our students attained remarkable achievements in The Smart Logistics Datathon 2024 organized by the Asian Institute of Supply Chains & Logistics (AISCL) of the Chinese University of Hong Kong. **5E CHAN Cheuk-lai**, **LOUIE Chun-hin** and **YUEN Chi-nam** achieved **2<sup>nd</sup> Runner-up** in Secondary School League. The event was held from 1 April 2024 (Monday) to 4 April 2024 (Thursday).

The event aims to promote Hong Kong as an international logistics hub and emphasize the potential of the modern logistics industry in Hong Kong, inspiring participants to develop innovative insights on operations, services, and business models through big data analytics.

Prize awarded is as follows:

Awardee	Award	Category
