

Smoke-free Elite Teens Programme 2023-2024

(20 May 2024)

Our students were the **Champion** in the ‘Smoke-free Elite Teens Programme 2023-2024’, co-organised by the Hong Kong Council on Smoking and Health and the Education Bureau.

Our school has participated in the programme for 11 consecutive years and has attained promising results. The programme aims to enhance students’ knowledge on smoke hazards and tobacco control, nurture teenagers to become future leaders in society, and promote smoke-free culture in the community. The programme revolves around developing knowledge and skills, as well as project planning and execution. After learning about tobacco control and its associated hazards, our students designed and launched an app to help smokers quit smoking. They also organised various smoke-free advocacy activities on campus during Smoke-free Week from 12 December (Tuesday) to 20 December 2023 (Wednesday), as well as in the community, spreading the message of smoke-free, healthy living. The Prize Presentation Ceremony cum Sharing Session was subsequently held on 20 May 2024 (Monday).

Prize awarded is as follows:

Award	Awardee
Champion	5E CHAN Cheuk-lai
	5E CHAN Pok-him
	5E LOUIE Chun-hin
