

UK Cross-curricular Exchange Programme

(28 June - 7 July 2024)

A 10-day UK Cross-curricular Exchange Programme was organized for 20 S1 to S3 students from 28 June 2024 (Friday) to 7 July 2024 (Sunday). Students were accompanied by Ms. CHEUNG Chui-hung and Mr. YUEN Chun-wai as they visited London and other neighboring cities.

This exchange programme provides students with the opportunity to interact with locals, gain in-depth knowledge of British history, culture, and the latest developments, broaden their horizons, and subsequently reflect upon and contemplate their personal identity and national history of our own country. Through this experience, they become informed and responsible citizens, acknowledging their national identity, possessing a global perspective, upholding correct values and attitudes, cherishing Chinese culture, and respecting the diversity in society.
