

Visit to Shek Kong Barracks

(5 October 2024)

The Yuen Long Pat Heung Rural Committee arranged the residents of Yuen Long District to visit Shek Kong Barracks on 5 October 2024 (Saturday). 44 of our students and their family members, led by MR. LO Wai-yan, Assistant Principal, and Ms. AU Shuk-ying, participated in the visit. This year marks the 75th anniversary of the founding of the People's Republic of China. On that day, Shek Kong Barracks hosted a series of National Day activities, including a flag-raising ceremony, martial arts performances, aerial displays, combat demonstrations, weapons and equipment exhibitions, and a simulated shooting experience. Participants also had the opportunity to taste the food served in the barracks. The visit allowed students to experience the country's advanced military equipment firsthand and appreciate the strength of national defense. Additionally, interacting with the People's Liberation Army stationed in Hong Kong (PLA) helped them understand the strength and determination of the people's army. This experience left everyone feeling deeply moved and proud, reinforcing their appreciation for the hard-won prosperity and stability.
