

Mainland Study Tour of the Senior Secondary Subject of Citizenship and Social Development

(15-16 November 2024)

In order to enable students to gain a better understanding of our Motherland's history, culture and latest development, as well as to cultivate a sense of national identity and patriotism, our school participated in the Study Tour of the Senior Secondary Subject of Citizenship and Social Development (CS) organized by the Education Bureau from 15 November (Friday) to 16 November 2024 (Saturday). 129 S.5 students were accompanied by the Assistant Principal, Ms. KWAN Ki-shun and 12 teachers to visit Zhuhai and Zhongshan.

In the first morning, our teachers and students departed to Zhuhai via the Hong Kong-Zhuhai-Macao Bridge, followed by a visit to Huitong Village, where students were able to learn more about the development of Lingnan history and culture as well as the achievements in the conservation of traditional heritage. In the afternoon, the students went to the Beijing Normal University at Zhuhai for exchange and experiential learning activities with local students. They were able to learn more about the education policies, the situation of further studies and the learning environment in the Mainland, as well as to experience the characteristics of China's intangible cultural heritage and its inheritance and development.

On the second day, our students visited the Zhongshan Museum to learn about the cultural and economic development of Zhongshan. In the afternoon, students visited and dined at the Hakka Village Tulou Cluster in Wugui Mountain, Zhongshan, to learn more about its architectural craftsmanship and style, and to reflect on the conservation and inheritance of the national intangible cultural heritage.

The study tour helped our students deepen their understanding of the Motherland's history, culture and latest development as well as the opportunities available for their development in the Mainland. The study tour greatly benefitted our students, preparing them well for future studies and careers, and enabling them to make valuable contributions to Hong Kong and even the country as a whole.

Our school joins the Mainland Study Tour of the Senior Secondary Subject of Citizenship and Social Development (CS) organized by the Education Bureau

Our students visit the Huitong Village

Teacher of Beijing Normal University at Zhuhai shares the Chinese culture with our students

The teacher introduces the traditional shadow play to our students

Students appreciate the traditional Chinese paper-cutting works

Our students focus on the traditional Chinese paper-cutting

Students joyfully display their beautiful Chinese paper-cutting artwork
