

Parent-Teacher Association Shenzhen Dapeng Bay Day Trip
(16 November 2024)

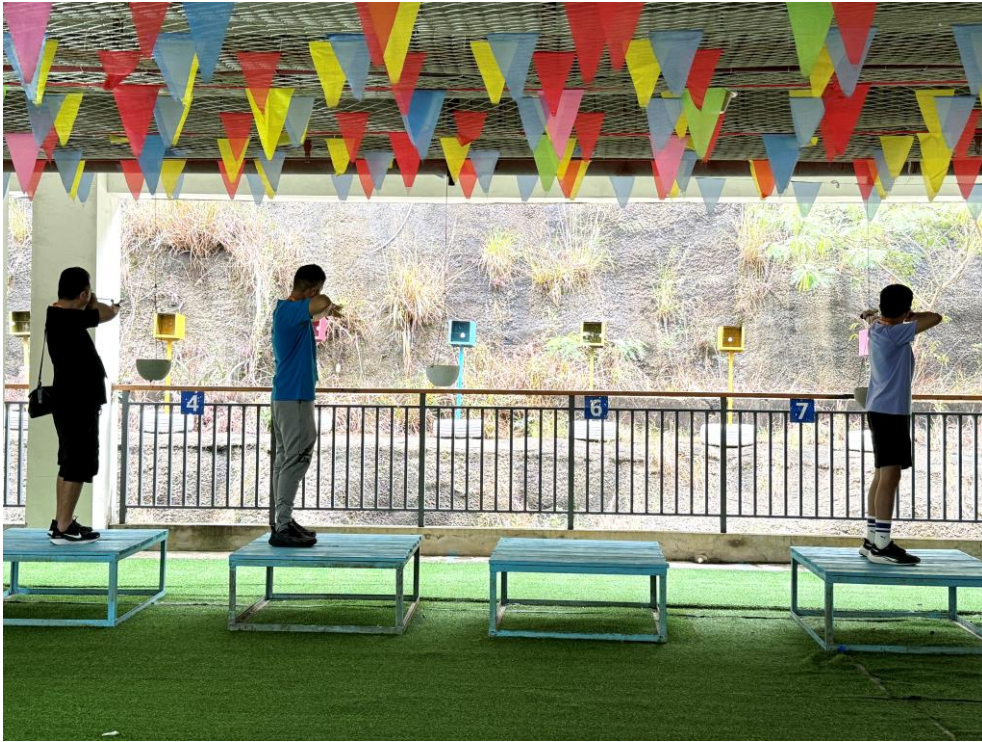

On 16 November 2024 (Saturday), our Parent-Teacher Association successfully organized a one-day tour to Dapeng Bay, Shenzhen with 40 participants, including Principal Yuen, Assistant Principals, Mr. LO Wai-yan and Mr. KWOK Wing-man, parents, students, and teachers.

At 8:00 a.m., the group assembled at Shenzhen Bay Port and took the coach to Nan'ao, where they experienced the three shooting disciplines (archery, darts, and slingshot) and took part in team-building activities. At noon, participants had lunch in Pangcheng. In the afternoon, the group went to an indoor racing track in Mirs Bay to experience the thrill of go-karting. Afterwards, the group went to the beach at Jiao Chang Wei to enjoy the natural scenery before heading to Dapeng City, where they learnt about traditional Chinese architecture and the history of Dapeng City.

The trip ended in the evening and every participant returned home with great smiles. This PTA activity not only enhanced parent-child relationships, promoted communication between parents, and strengthened cooperation between home and school, but also increased the participants' understanding of the history and culture of our motherland.

All participants take a group photo at Nan'ao Bay

Participants engage themselves in the shooting activities

Participants get fully armed and ready to take part in a team building activity

Participants develop great team work through team-building activities

Enjoying lunch at Pangcheng in a cozy ambience

Principal YUEN (middle), Assistant Principal Mr. LO Wai-yan (back), Assistant Principal, Mr. KWOK Wing-man (front) showcase their go-karting skills

The group have a delightful walk at the Kiba Mei Trail

Participants capture the essence of history at Dapeng Fortress Monuments
