

2024/25 First Parents' Day

(21 February 2025)

The First Parents' Day of this school year was successfully held on 21 February 2025 (Friday), with parents of all students participating in the event.

Our school holds Parents' Days twice annually in order to maintain strong bonds and close communication with parents, enhancing home-school cooperation and effectiveness of education.

Most of the meetings were conducted face-to-face, complemented by online meetings and telephone conversations, so that parents of all S1 to S5 students could have a chance to meet and discuss with class teachers their children's academic and overall performance. Working hand-in-hand with parents, our school spares no effort to nurture and cultivate a promising future for our students.

The dual-class-teacher system in S1 helps parents gain a comprehensive understanding of their children's performance at school
