

'Shall We Talk' Campus Tour (27 March 2025)

'Shall We Talk' Campus Tour was held at the school's covered playground on 27 March 2025 (Thursday). Organized by the Department of Health, the programme aims to visit 50 local secondary schools to raise students' awareness of mental health through a series of interactive and engaging activities. The event also helps students gain a better understanding of different emotions, fostering peer support and promoting a culture of listening and sharing on campus.

Students strike a pose with emoji props and faces, taking home instant photo keepsakes

Students learn about different emotions through engaging activities

Students actively participate in the activity

Students enjoy the gumball machine, leaving with delightful small gifts and uplifting positive notes
