

Field Trips to Yuen Long Luk Heung

(26 March 2025)

Field trips to Yuen Long Luk Heung were organised for the six S4 classes on 26 March 2025 (Wednesday) afternoon. The activity aims to enhance our students' understanding of Chinese culture and history, develop their ability to appreciation for traditional Chinese architecture, and strengthen their sense of national identity. Thanks to the docent service meticulously arranged by respective Rural Committees of Luk Heung, our students had the opportunity to explore historically significant village buildings—including ancestral halls, study halls, and temples—and deepen their knowledge of Chinese heritage.
