

Smoke-free Elite Teens Programme 2024-2025

(28 May 2025)

Three teams of our students attained outstanding achievements in the ‘Smoke-free Elite Teens Programme 2024-2025’ co-organised by the Hong Kong Council on Smoking and Health and the Education Bureau. **Team 2** was awarded **First Runner-up**, and all the three participating teams – **Team 1**, **Team 2** and **Team 3** were honoured with the **Smoke-free Teams (Gold Award)**.

Our school has participated in the programme for 12 consecutive years, achieving promising results. The programme aims to enhance students’ knowledge of smoke hazards and tobacco control, empower teenagers to become future leaders in society, and promote a smoke-free culture in the community. It focuses on developing knowledge and skills, as well as project planning and execution. After learning about tobacco control and its associated hazards, our students organised various smoke-free advocacy activities on campus during Smoke-free Week from 25 November 2024 (Monday) to 29 November 2024 (Friday), as well as in the community, spreading the message of smoke-free, healthy lifestyle. The Prize Presentation Ceremony cum Sharing Session was held on 28 May 2025 (Wednesday).

Award	Awardee
