

### **S3 Cross-Curricular Movie Viewing Experience (English Language & Science Departments)**

(13 March 2026)

The S3 Cross-Curricular Movie Viewing Experience, jointly organized by the English Language Department and Science Department, took place on 13 March 2026 (Friday).

In the afternoon, Ms. TANG Wing-yi, Ms. LO Wing-yee, Ms. WONG Lai-chun, Ms. CHAN Yuen-shan, Mr. YUEN Chun-wai, and Mr. SALA accompanied all S3 students to an English screening of the movie 'Hoppers'. Throughout the film, students were highly engaged and fully immersed in the authentic English-speaking environment."

The event aimed to increase students' exposure to English and enhance their language proficiency through movie appreciation. By integrating relevant values from both the English and Science curricula, the activity provided a rich out-of-classroom learning experience. Through this enjoyable approach, the school hopes to stimulate students' interest in self-directed learning and promote their whole-person development.

S3 students eagerly waiting for the English screening of 'Hoppers' to begin
