

Amazing Start for S1

(12 September 2026)

On 12 September 2026 (Saturday), our new S1 students kicked off the academic year with the ‘Amazing Start for S1’ event. Through group games and teacher sharing sessions, the program helped students learn useful social skills, enhance their self-management abilities, set appropriate goals, strengthen friendships, and adapt to secondary school life as quickly as possible.

Amazing Start for S1

Students are engaged in team-building activities

Student shares his feelings and reflections after the team-building activities
