

**NT Heung Yee Kuk
Yuen Long District Secondary School**

School Development Plan

2015 – 2018

NT Heung Yee Kuk Yuen Long District Secondary School

School Mission

The school strives to provide students with all round education to inspire them to become responsible citizens and to be enthusiastic learners, developing their potential to the fullest extent so that they may cope with the challenge of the fast-changing world.

Major Concerns for 2015 – 2018

1. Strengthening the school as a ‘Learning Community’.
2. Enhancing students’ quality of life relating to oneself, school and community.

N.T. Heung Yee Kuk Yuen Long District Secondary School
School Development Plan, 2015/16 –2017/18

Major Concerns	Targets	Strategies	Time Scale		
			15/16	16/17	17/18
1. Strengthening the school as a 'Learning Community'	1.1 To enhance learning and teaching through implementation of Self-directed Learning (SDL) - to support students to cultivate skills in SDL - to arouse students' interest in SDL - to boost students' confidence in doing SDL - to cater for learner diversity through SDL	<ul style="list-style-type: none"> • Equip students with knowledge and skills in SDL to support them to put SDL into practice. • Incorporate SDL elements into teaching curriculum of various subjects. • Design, modify and scrutinize different types of SDL materials and assignments of different levels of difficulty to meet students' need. • Promote SDL through a wide variety of tailor-made/adapted learning activities. • Explore and utilize online materials to assist students with applying SDL in their learning process. • Apply positive reinforcement measures to show appreciation to students' good work and performance to elevate their confidence in doing SDL and encourage them to strive for advancement. 	✓	✓	✓
	1.2 To promote professional development of teachers through strengthening the sharing culture among them.	<ul style="list-style-type: none"> • Encourage teachers and nominate teachers to attend relevant professional development courses to keep abreast of the latest knowledge and skills. • Implement collaborative lesson planning, teaching and observation to better teaching effectiveness. • Share good teaching practices and relevant up-to-date issues to facilitate learning & teaching. • Conduct mentorship programme for new teachers. • Utilize school facilities and resources to share good teaching materials and useful information. • Offer easy access to all kinds of educational resources for professional development. 	✓	✓	✓

Major Concerns	Targets	Strategies	Time Scale		
			15/16	16/17	17/18
2 Enhancing students' quality of life relating to oneself, school and community	<p>2.1 To boost positive qualities of individual through</p> <ul style="list-style-type: none"> -broadening our school-based life education curriculum -implementing training programmes to develop students' abilities to overcome adversities -heightening students' sense of having a positive outlook on life 	<ul style="list-style-type: none"> • The life education programme will help consolidate positive values in students, train their life skills and further strengthen moral and civic education. • Various functional teams, committees and clubs collaborate to implement a wide range of Other Learning Experiences activities and training programmes. They will be done both in and outside the school, cross-border and even overseas. It will strengthen students' ability to overcome adversities and guide them to cultivate positive attitudes so as to attain a better quality of life. 	✓	✓	✓
	<p>2.2 To help students pursue personal goals through</p> <ul style="list-style-type: none"> -training students to do career planning with clear personal goal -providing students with opportunities to gain job-related experience -suggesting pathways to students for pursuing further studies and / or careers to cater for individual needs 	<ul style="list-style-type: none"> • Organize workshops to help students have a better and deeper understanding of their own personalities and abilities. • Motivate and train students to do career planning in line with their personal goals. • Utilize both school and community resources to support more life experience enrichment and job-related programmes for our students. • Implement developmental programmes to cater for diverse needs of different age groups, providing both individual and group careers counselling and guidance service to better equip students to go towards their roads of success, achieving sound quality of life. 	✓	✓	✓
